### **Cancellation and Refund Conditions – Student Default**

In the case where the course starts on the agreed start date but the student does not start on the agreed start date, and has not previously withdrawn from the course or advised of visa cancellations in writing, within an agreed time period prior to the course start date, or the student cancels or withdraws from the course either before or after the agreed starting date the following refund conditions apply (This is called student default).

- 100% refund of tuition fees paid if the student visa was refused by Department of Home Affairs (DHA), minus \$200 enrolment fee which is non-refundable.
- 80% refund of paid tuition fees applies if the student cancels 28 or more days before the course starts
- 50% refund of paid tuition fees applies if the student cancels within 28 days
- No refund of tuition fees applies if the student cancels after course commencement date

The agreed starting date is the date the course was scheduled to start or a later date agreed between the college and the student. This does not apply to approved deferment and leave of absence when the student applies for refund after the application was approved.

The college will make a refund only in Australian Dollars within 4 weeks of receiving a written claim by the student in accordance with the Terms and Conditions as outlined in the Student Enrolment Form.

The enrolment fee is not refundable under any circumstances including visa refusal. Refer to Fees and Refund Policy for more details.

### **Cancellation and Refund Conditions – Provider Default**

If the college defaults, that is, if the course does not start on the agreed starting date or the course ceases to be provided before it is completed, The college will make every effort to transfer the students' enrolment to another college or pay a refund of the unused portion of the course money received from the student.

Refunds in situations of Provider Default are covered by the provisions of The Education Services for Overseas Students Legislation Amendment (Tuition Protection Service and Other Measures) Act 2012 and apply if:

- The college does not offer a course on the advertised start date or
- terminates a course after the course start date or before the course completion date or
- does not provide a course as advertised due to sanctions by any authority or
- does not provide a course in full

In such a case the College will pay the student a refund which equals the amount of the total tuition fees paid for the remainder of the course not completed at the time of default if an alternative placement with another provider cannot be found to the student's satisfaction. Such refunds will be made within 2 weeks following the default date with a statement explaining how the refund amount has been calculated.

### **Tuition Protection Service**

The Tuition Protection Service (TPS) is an initiative of the Australian Government to assist international students whose education providers are unable to fully deliver their course of study. The TPS ensures that international students are able to either:

- complete their studies in another course or with another education provider or
- receive a refund of their unspent tuition fees

In the unlikely event the College is unable to deliver a course where fees have been paid in advance and it does not meet its obligations to either offer the student an alternative course that is accepted or pay the student a refund of the unspent prepaid tuition fees, the TPS will assist the student in finding an alternative course or offer a refund if a suitable alternative is not found.
